

Form Experiment-Visadep, PushPull Component

* Required

1. Name *

2. Email *

Agglomeration 1: Please open the Intra-Component Agglomeration in "Dispersed Coupling -> org.apache.oodt.cas.pushpull_retrievalsystem" via Visadep

You can analyze other agglomerations in org.apache.oodt.cas.pushpull_retrievalsystem

3. Did you find any design problems based on the analysis of Agglomeration ? *

Mark only one oval.

☐

No

☐

Yes

4. If you answered "Yes" to the previous question, please describe the identified design problem(s) and give its/their name if possible

5. Please inform which visualization elements you have found useful to identify the aforementioned design problem(s)?

Check all that apply.

☐

Dependencies between code elements

☐

Code Smells

☐

Concerns

☐

Component View

☐

Class View

☐

Method View

Agglomeration 2: Please open the Concern-overload Agglomeration in "org.apache.oodt.cas.pushpull.config" via

Visadep

6. Did you find any design problems based on the analysis of Agglomeration ? *

Mark only one oval.

- ☐ No
☐ Yes

7. If you answered "Yes" to the previous question, please describe the identified design problem(s) and give its/their name if possible

8. Please inform which visualization elements you have found useful to identify the aforementioned design problem(s)?

Check all that apply.

- ☐ Dependencies between code elements
☐ Code Smells
☐ Concerns
☐ Component View
☐ Class View
☐ Method View

Agglomeration 3: Please open the Concern-overload Agglomeration in "org.apache.oodt.cas.pushpull.protocol" via Visadep

9. Did you find any design problems based on the analysis of Agglomeration ? *

Mark only one oval.

- ☐ No
☐ Yes

10. If you answered "Yes" to the previous question, please describe the identified design problem(s) and give its/their name if possible

11. Please inform which visualization elements you have found useful to identify the aforementioned design problem(s)?

Check all that apply.

- ☐ Dependencies between code elements
- ☐ Code Smells
- ☐ Concerns
- ☐ Component View
- ☐ Class View
- ☐ Method View

Agglomeration 4: Please open the Intra-Component Agglomeration in "Feature Envy -> org.apache.oodt.cas.pushpull.daemon" via Visadep

You can analyze other intra-component agglomerations in org.apache.oodt.cas.pushpull.daemon

12. Did you find any design problems based on the analysis of Agglomeration? *

Mark only one oval.

- ☐ No
- ☐ Yes

13. If you answered "Yes" to the previous question, please describe the identified design problem(s) and give its/their name if possible

14. Please inform which visualization elements you have found useful to identify the aforementioned design problem(s)?

Check all that apply.

- ☐ Dependencies between code elements
- ☐ Code Smells
- ☐ Concerns
- ☐ Component View
- ☐ Class View
- ☐ Method View

Agglomeration 5: Please open the Hierarchic Agglomeration in "Refused Bequest -> protocol" via Visadep

You can analyze other hierarchic agglomerations in protocol

15. Did you find any design problems based on the analysis of Agglomeration ? **Mark only one oval.*

- ☐ No
- ☐ Yes

16. If you answered “Yes” to the previous question, please describe the identified design problem(s) and give its/their name if possible

17. Please inform which visualization elements you have found useful to identify the aforementioned design problem(s)?*Check all that apply.*

- ☐ Dependencies between code elements
- ☐ Code Smells
- ☐ Concerns
- ☐ Component View
- ☐ Class View
- ☐ Method View
